So I have a sequence of PDF documents and would like to create a playlists of them, is it possible to have an automatic process so that it can generate a playlists out of these PDF files? A: In Rhythmbox you can generate playlists automatically. Go to Playlists and choose New from the playlist menu. In the dialog that will appear enter a name and a location in the sidebar under the location field (if you use the sidebar) you can enter a pattern that defines the playlist name. Then select Create from File and choose one of your PDF files and click Add to Playlist For more detail go to SCOTTISH soccer bosses will face life bans after flouting regulations by holding secret ballot elections in the past two years. The Scottish FA will be hit with hefty fines and face bans for not playing balloting elections in full view of fans. 2 The Scottish FA will face life bans after flouting regulations by holding secret ballot elections in the past two years The Scottish FA Board of Directors will be hit with fines of up to £5,000, depending on their number of open election positions, and will also be permanently suspended from the fixture list. The five directors were automatically removed from their positions following last week's published report by a Governance Steering Committee. The report, which was never made public, had been demanded by 21 SFA directors and chairmen who wrote to the 3da54e8ca3
