The purpose of this study was to evaluate the effects of hepatic arterial infusion chemotherapy for local advanced pancreatic cancer. Between November 1989 and December 1995, 14 patients (13 men, 1 woman; median age, 67.0 years) with local advanced pancreatic cancer were treated by hepatic arterial infusion chemotherapy. Ten of the 14 patients received 5-FU (500 mg/body) via a catheter inserted into the celiac artery, and the other 4 patients received 5-FU (2,000 mg/body) via a catheter inserted into the proper hepatic artery. These procedures were performed every 14 days. Complete response was achieved in 1 patient, partial response in 4 patients, and stable disease in 9 patients. Two patients underwent resection, 5 underwent palliative bypass, and 7 underwent biliary tract diversion. Overall response was evaluated as partial response in 5 patients (35.7%) and stable disease in 9 patients (64.3%). Median survival was 6.3 months, and the 1-year survival rate was 25.0%. The most common complication was hepatic arterial stenosis (5 patients). The 5-year survival rate was 15.0%. Hepatic arterial infusion chemotherapy is a safe and effective treatment for local advanced pancreatic cancer.

## System Requirements For Internet Explorer Collection:

\* XBO \* An Xbox Live Gold membership \* A network connection Playing the game can also be very expensive, depending on the game. The game will cost \$19.99, or you can get it for \$4.99 if you download it from the Xbox Games Store. So why is there a Witcher 2 leak? There's a ton of reasons for a game leak to occur, and it can occur for a lot of different reasons. Mostly the developer is worried that the game will go out of stock in the Xbox Game Store,
