Q: Xcode 10 - there is no documentation available I use Xcode 10 and I have some troubles with it. I have made some changes in a file, but I cannot find a documentation for my changes. I have enabled a type for #pragma mark. But I can not find a documentation for it. The IDE does not show what I type in a particular line. How I can get a documentation for my files? A: I think you are looking for the source code view (the Command ⌘ CMD-8) instead of the standard editor view (Command ⌘ CMD-6). When you select the 'Show All Views' option for a view, all its children will also
