i tried to recreate the sound in khaled's i'm the one single. pumped up the overtones and drive to get a nice booming bass. i made it in serum and dragged the first lfo to the cutoff modulator and boosted the drive and cut out the resonance. did the same thing in the fx section. then i master tuned the 3rd lfo and switched on the mono feature. i dropped the sub oscillator down an octave and bent the waveform of the analog sin oscillator until it had a nice warm tone. use it and hope you enjoy!
